PBT626X2 | USER MANUAL

www.southerntelecom.com

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, can cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by plugging the equipment into an outlet, turning on the radio, TV, or audio equipment, then unplugging the equipment, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the manufacturer or an experienced radio/TV technician for help.

PLR IP Holdings, LLC, its licensees and affiliates, fully support all electronic waste initiatives. As responsible stewards of the environment, we encourage you to follow all applicable regulations, directives or other governances in the area where you reside. Please check with local authorities or the retailer where you purchased this product to determine a location where you can dispose of and recycle your unwanted electronic products.

Pairing Process

6. When the Bluetooth enabled device finds the speaker, select "PBT626X2" from the list of found devices.

On other Cell Phones/Devices

4. Use the controls on your connected device to control music playback and volume.

I cannot get the Bluetooth Speakers into pairing mode.

• Check that your Bluetooth features are turned ON. If you have already paired the speaker with a Bluetooth enabled device, it will automatically connect to the last paired device.

To enable the dancing water feature, you must turn up the volume.

To enjoy wireless music on your Bluetooth Speakers, make sure you have paired your device to the main speaker.

POWERING ON/OFF

1. Make sure your device's Bluetooth feature is turned ON.

2. Plug the other end of the Mini USB connecting cable into the Mini USB connecting port on the Main speaker.

3. The LED light is RED when charging. It will shut off when the speaker is fully charged.

4. Make sure you charge the Main speaker for at least 8 hours before using the speakers for the first time.

5. Turn the Main speaker ON.

6. Make sure that the Main speaker is fully charged.

To pair the speaker with a Bluetooth enabled device, you must turn the Main speaker ON.

1. Turn the Main speaker OFF.

2. Make sure the Main Bluetooth Speaker is turned ON before beginning the pairing process.

3. Enter your Bluetooth enabled device's Bluetooth pairing mode.

4. Keep the speaker and Bluetooth enabled device within 3 feet of each other during the pairing process.

5. The speaker will now be visible to the Bluetooth enabled device.

6. Make sure your device’s Bluetooth feature is turned ON.

7. Follow your device’s Bluetooth pairing prompts to connect the speaker with your device.

Troubleshooting (cont’d)

On an iPhone

4. Check that YOUR device’s Bluetooth feature is turned ON.
